Rutland High School – Rutland, Vermont

Mr. Robert Field

Are you ready for life after high school?

This is the questions that you always asked us. You taught us to be thoughtful about what we put in our bodies, careful in our travels and to always consider all of the options and consequences when making choices in life - now and after high school. Wellness was what you taught but "caring" was the message you delivered. Thank you for your guidance, concern for our safety and health, and for giving us some guidelines for life.
